services

OUR HISTORY

6 000
events per year

15 000
sanitary units

2
Quality & Environmental Certifications

Since 1962, Happee Services has been delivering sanitary services across France.

We offer mobile sanitary facilities for hire (toilet cabins, sanitary caravans, dry toilets, showers, water points) for all types of events, whether public or VIP, as well as associated maintenance services. This enables us to bring hygiene everywhere, regardless of location, duration or audience.

We are certified ISO 9001 (quality) and ISO 14001 (environment), ensuring we provide the most comprehensive and responsible service possible.

Our objective? To find the most suitable temporary sanitary solution that meets the needs of every event, wherever it takes place.

LUXURY SELECTION

Our indoor sanitary cabins

To meet the expectations of our most demanding and prestigious clients, we offer a range of high-end mobile sanitation units designed with premium materials, enabling the creation of bespoke sanitary areas.
Our indoor sanitary range is made up of several modules (washbasins, urinals, toilets) that can be combined according to your venue and requirements.

SANITARY CARAVAN

Designed by an interior architect, our Exclusive Caravan combines agility and elegance to equip the most prestigious venues. Wood, marble, fittings, contemporary décor, wall-hung toilets: nothing has been left to chance in creating the most comfortable and elegant temporary sanitary space.

Self-contained, this unit requires no connection to water or sewage networks, allowing it to be installed in any location.

LUXURY SELECTION

Our LOOLOO range

A clean, minimalist design, high-quality materials and warm lighting create a comforting atmosphere. Our LOOLOO range, which includes the Module and the Truck, is designed to create mobile sanitary spaces for all your premium events.

Unlike the Module, the LOOLOO Truck is mobile, includes urinals in addition to toilets, features a reception counter, and can accommodate a larger number of users.
Both the Module and the Truck feature refined finishes and are Made in France.

ACCESSIBLE SELECTION

Our accesible range

Our accessible (PRM) range is designed to provide everyone with simple and comfortable access to adapted sanitary facilities, whatever the venue or event layout. Functional, spacious and easy to use, our solutions ensure an inclusive experience while maintaining a high standard of quality and comfort.

Our range is also developed with dry toilets and family-friendly units, offering both self-contained and mains-connectable options, depending on your needs and constraints.

Pee for the many !

Beyond our expertise in the rental of sanitary equipment and associated services, we are developing an economy grounded in the values of sharing, responsibility and sustainability.

Our CSR policy is based on active and structured listening to both our clients and our employees, in order to align their expectations with our activities.

CIRCULAR ECONOMY

In order to contribute to the preservation of ecosystems, we have implemented a process within our company focused on the transformation and recovery of our waste. This circular approach applies both to our equipment and to the effluents we collect.

SOCIAL INNOVATION

Happee Services is committed to respecting freedom of association and the right to collective bargaining, contributing to the elimination of all forms of employment discrimination, and providing a safe, positive and supportive working environment with fair and pleasant working conditions.

INCLUSIVE SOLUTIONS

We are committed to designing hygiene solutions that are accessible to everyone, everywhere. In line with this approach, we offer adapted versions of each of our units for people with disabilities. We also develop innovations for women, aiming to ensure equal waiting times compared to men.

TOWARDS NEUTRALITY CARBON

Happee Services is actively committed to reducing its CO_2 emissions on a daily basis. This includes the use of low-carbon vehicles (gas-powered and hybrid), strict maintenance processes, route optimisation tools, and tree-planting initiatives. We implement every possible measure to minimise our carbon footprint.

CREATING VALUE WITHIN LOCAL TERRITORIES

While Happee Services operates two agencies in the Paris region and one in the South of France, our Enygea Group currently brings together around fifty agencies and depots across France (WC Loc, Waterlab, Bases Clean, Moov&Cook and Swittec), employing 700 people. Each agency is committed to contributing to the development of the local economy within its territory.
Our employment policy is dynamic, and we prioritise recruitment as close as possible to our agencies, notably by leveraging local recruitment channels.

HUMANITARIAN COMMITMENT

By becoming a partner of the humanitarian race Urgent Run Paris, Happee Services strengthens its commitment to a cause that is close to its heart: toilets everywhere, for everyone. Urgent Run Paris is a sporting and solidarity-based event held every year in several cities around the world. Participation fees are donated to associations supporting projects to build sanitation facilities.

HAPPEE Clients

They trust us

"The HAPPEE Services team has been supporting us since 2011 with great efficiency. They demonstrate strong responsiveness and adaptability to our needs, both before and during service delivery. They are a trusted supplier."

STADE DE FRANCE
Project Manager, Operations Department

"The HAPPEE Services company has repeatedly proven to be an effective partner in my field of activity. I cannot count the number of times their responsiveness has been exemplary, all within a cordial and healthy professional relationship, which in my view makes them a preferred partner."

City of Courbevoie
Director General of Technical Services

"I have always found attentive listening and tailored responses from my contacts at Happee to our constraints related to the site layout. This is greatly appreciated and reflects a genuine partnership relationship."

ROCK EN SEINE
Technical Director

"The strengths of HAPPEE Services are their value for money, the quality of maintenance, and their responsiveness. This experience in a few words: a great encounter, a desire to build a lasting relationship, and a relationship based on trust."
